Active Transportation Resource Center (ATRC) <http://caatpresources.org/>

The Active Transportation Resource Center’s (ATRC) mission is to provide resources, technical assistance, and training to transportation partners across California to increase opportunity for the success of active transportation projects.

The ATRC is funded by an ATP grant to the California Department of Transportation - (Caltrans). Caltrans and the ATRC have also partnered with the California Department of Public Health (CDPH) and the Sacramento State College of Continuing Education (CCE) to assist in providing the resource center needs.
