Question 1

**Take us through a day in your life.
How do you navigate from place
to place?**

Question 2

What are the most common and difficult issues with infrastructure to overcome as a person with your disability?

Question 3

How do you currently report issues that you encounter? How has your experience been with that process?

Question 4

We know that safety means different things to different people. What are some of the safety issues that you have encountered that have made you feel unsafe?

Question 5

What are some of the tools that currently exist to help you navigate your community? What are tools that you wish existed?

Question 6

What are ways that the independent living movement can be connected to the efforts for designing the streets?

Question 7

If you could speak to anyone in charge of infrastructure for your area and ask for one thing, what would it be?
