

Sensory-Based Transportation Planning

P L A C E I T !
I N T E R A C T I V E P L A N N I N G

The street as a transactional space - getting from point A and B

The street as a space that creates relationships with its users

**Using our hands and senses
to explore our relationship
with the land and others**

Biking to work through a forest

AND TAP INTO OUR SENSORY KNOWLEDGE OF SPACE.

**AND THEN CAN SINK INTO A
STATE OF PLAY.**

**WE CAN BE ASPIRATIONAL AND
COLLABORATIVE**

**“OFTEN THE HANDS WILL SOLVE A MYSTERY THAT
THE INTELLECT HAS STRUGGLED WITH IN VAIN.”**

- CARL JUNG

Build your favorite or first Childhood mobility experience

**Share your memory and model to build trust and empathy
This is your DNA for transportation planning**

Part 2: Collaborate and “Build your Ideal Main Street”

**Participants learn how their ideas
impact each other
“We are stronger together”**
